

SynSisal®

SISAL WITHOUT LIMITS

10 reasons why SynSisal® is the solution you've been waiting for.

1

**ELIGIBLE FOR
LEED POINTS**

ECONYL® regenerated nylon contributes to LEED v4 points in four categories

2

**NYLON YARNS
MADE FROM 100%
RECYCLED MATERIAL**

Virgin quality nylon is recovered from landfills and oceans all over the world

3

**ECONYL®STAYCLEAN
FIBER PREVENTS
STAINING**

Intrinsically stain-resistant yarn lasts the entire lifespan of the carpet

4

**MEETS ASTM648,
BFL/CFL FIRE
CRITERIA**

Stands up to heavy use throughout homes, hotels and offices

5

**IT HAS HIGH
LIGHTFASTNESS &
UV RESISTANCE**

Weaves resist fading even when exposed to intense light

6

**IT'S 100% RECYCLED
& REGENERABLE**

When you're done with your SynSisal®, we'll recycle it for you

7

IT'S COLORFAST

Our dying process is designed to resist fading over time

8

**CLASS 33 - HEAVY
CONTRACT GRADE**

MEETS ASTM648 and BFL/CFL fire criteria

9

IT'S LOW VOC

Low VOC emissions means a safe indoor environment wherever installed

10

**FIVE CLASSIC
SISAL WEAVES**

Traditional sisal structures and colors, woven in Europe
